DEDICATED TO THE HEALTH OF ALL CHILDREN™

General Information

The Pediatric Education Conference is presented by members of the faculty of the **Department of Pediatrics at the University of Iowa Carver College of Medicine** in cooperation with the **Iowa Chapter of the American Academy of Pediatrics** and selected guest faculty. The program is designed to provide pediatricians, family physicians, nurses, social workers, and other child health care providers with an overview of recent developments in areas of current interest, concern and controversy. The 2013 conference will focus on **Protecting Our Children: Youth and Violence** issues relevant for the general pediatrician, family practitioner, nurse or other healthcare provider, as well as community and education professionals who work with children and adolescents.

Educational Objectives:

Upon completion of this conference, the participant should be able to:

- Identify youth at risk of bullying
- Discuss available community resources to address bullying and its impacts
- Describe the impact of violence in the media on children's health and well being
- Discuss mental health initiatives in Iowa and the U.S.
- Explain the scope and impact of specific types of violence on children and youth
- Evaluate an infant's risk level for shaken baby syndrome
- Identify and collaborate with community partners regarding pediatric bereavement and disaster preparedness
